A photograph of two women sitting at a table outdoors at night. They are both smiling and holding up glasses of wine, appearing to be in a celebratory mood. Above them, a string of warm-toned, round Edison-style light bulbs hangs from a tree branch, casting a soft glow. The background is dark, suggesting a nighttime setting. The overall atmosphere is warm and festive.

Glasses that tell the story of the contents

Today, old spirits are back in the spotlight.

Cocktails are inspired by perfumery, revealing mixtures of fruits, flowers, plants, spices, unique tastes and bewitching perfumes often concocted by the Bartender himself.

To be able to retranscribe this authenticity, these ancient tastes, the Arcoroc and Chef&Sommelier brands have developed collections inspired by those found in our grandmothers' homes: crystal look, cut effects, structured legs.
